

Chuck Goddard

Chuck Goddard was appointed President and Chief Executive Officer of Marinette Marine Corporation (MMC), a Fincantieri company on June 13, 2011.

Prior to joining MMC, Mr. Goddard was with Lockheed Martin for three years as director of Aegis Program Integration and Capture Manager for the Aegis Combat Systems Engineering Agent (CSEA) competition.

Mr. Goddard comes to MMC with extensive Navy experience with shipbuilding and ship systems engineering. During his thirty year career with the Navy, he led a variety of complex ship programs from destroyers to sealift ships, culminating in his role as the Navy Program Executive Officer, Ships.

Other significant positions that Mr. Goddard has held include Vice Commander at the Naval Sea Systems Command, CNO fellow at the Strategic Studies Group, and New Construction Officer at Supervisor of Shipbuilding, San Diego, CA.

Mr. Goddard is a graduate of the U.S. Naval Academy and received a M.S. in Naval Architecture and Marine Engineering from the Massachusetts Institute of Technology (MIT). He is the recipient of the Gold Medal for exceptional technical and program leadership from the American Society of Naval Engineers.
